Description of CAMBIO Subsources

Reference: MOB-A-8905

1. The real names of CAMBIO subsources are listed in MOB-A-8905. Since CAMBIO does not have direct access to many of the Objekte, his information comes from subsources which are listed in order to judge the reliability of subsources when the information starts coming in regularly. Information available is admittedly sketchy but will be supplemented when CAMBIO returns to West Berlin on 15 May 1951.

2. Subject of Para 2, MOB-A-8905, is CAMBIO-2. He owns an Opel P 4 which he rents to and drives for Wismut A.G. He drives Soviet personnel from Siegmarschönau on inspection trips to the various Objekte. He is issued gasoline and paid wages in proportion to the number of kilometers which his passenger car covers. Since he has been driving Soviet personnel for more than a year and speaks Russian, he has certain general knowledge on Siegmarschönau. He can be brought to West Berlin by means of a letter from CAMBIO after 15 May 1951.

3. Subject of para 3, MOB-A-8905, is CAMBIO-3, a mine guard (Bergpolizist) at Objekt 12 (Langenfeld). He supplies data on the shipment (by truck) of washed uranium from Langenfeld to Siegmarschönau.

4. Subject of para 4, MOB-A-8905, is CAMBIO-4 who is a railroad station master at Johanngeorgenstadt. He can supply data on the shipment by box car of uranium to and from Johanngeorgenstadt.

5. Subject of para 5, MOB-A-8905, is CAMBIO-5. He works in the main warehouse (Zentrallager) for Objekte 10 and 12 in Johanngeorgenstadt. He can supply CAMBIO and his subsources with Wismut passes to enable them to travel about more freely.

6. Subject of para 6, MOB-A-8905, is CAMBIO-6 who works in food warehouse in Objekt 12, Johanngeorgenstadt. He may be able to supply information on the Transport unit in Johanngeorgenstadt.

7. Subject of para 7, MGB-A-8905, is CAMBIO-7. He is a Standards engineer (Normingenieur) in Objekt 12 and is to keep CAMBIO advised of changes in Soviet personnel in Objekt 12.

8. Subject of para 8, MGB-A-8905, is CAMBIO-8 who is employed in the planning office (Planstelle) of the main administration of Objekt 25 on which he is to supply information on Soviet personnel.

9. Subject of para 9, MGB-A-8905, is CAMBIO-9. He is a police officer (Polizei Kommissar), presumably in Johanngeorgenstadt, who claims that there is a Soviet Transport unit in Bautzen which trucks uranium from Heißen and Freital to Oßrlitz. CAMBIO-9 promised to take CAMBIO in his police car to Bautzen where CAMBIO could investigate the truth of this statement.

10. Subject of para 10, MGB-A-8905, is CAMBIO-10 who is going to help CAMBIO procure some high grade ore.

11. The other persons included in MGB-A-8905 may be used by CAMBIO from time to time in supplying casual information or in assisting him to travel around in the Chemnitz area without attracting attention to himself. CAMBIO was requested to supply these names so that BOB would at least know the names of his comrades from whom he acquires information. If necessary, they can be referenced by paragraph.
